

FCP-05, 6" Emergency Bandage®

The Israeli Bandage

MILITARY | COMMERCIAL & INDUSTRIAL SITE | FIRST AID KITS | EMS | FIRST RESPONDERS | HOMELAND SECURITY | LAW ENFORCEMENT

The Double Bandage possesses all the advantages of the Emergency Bandage, but with two dressing pads instead of one. The second dressing pad slides along the bandage, allowing it to be used on an exit wound.

- Best-in-class multiple use bandage addressing various
- Coverage for small, medium, and large wounds
- Wrap severe wounds and small area amputations
- Can be used as an improvised tourniquet
- 6" non-adherent pad (1 additional pad)

Full Coverage and Multiple Functions in One Simple Package

The FCP-05 Emergency Bandage® provides everything needed to address small, medium, and large wounds in one compact package.

The versatile design is an effective solution for the control of severe bleeding, wound coverage, splinting, slings, head wraps, and creating an improvised tourniquet. The device is intuitive and simple to use for trained and untrained responders.

FCP-05 6" Bandage w/2nd Mobile Pad
